Acknowledgement

Frist of all I want to thank almighty Allah who has given me the strength, attentiveness and intention to finish my Intern successfully. Secondly, I also want to thank my honorable Intern Supervisor Tamanna Farahdina ma'am who guided and helped me very nicely. Her instructions, Inspirations and ideas actually helped me a lot. She gave me every kind of rules of the project paper with proper direction. She also taught me how to take a class and teach the students. I can clearly say that without her guideline, support and valuable discussion it is quite impossible for me to complete the Internship. Thirdly, I also want to thank the headmaster, Mrs Afroza Begum of the Sheynjuti School who given me the opportunity to teach the students of their School. I also want to thank all of the teachers of Sheynjuti School. Their support was very helpful to complete my Internship. I also thanked to all of the students of this school who helped me manage everything and enjoy my all classes. Finally, I want to thank my parents who given me the support all the time. All of their support and love I could do my Internship so nicely and delightful.

Abstract

This report is my own experience about my observing and teaching as an English Teacher at Sheynjuti School. This project paper purpose is to find out the present situation of English Language Learning in a Bangladeshi School especially in rural area's School. Its main focus is Learning how to teach the students properly. I observed some different classes of some different teachers. Throughout the whole project paper I used my experience, knowledge and skill which I gained from my Internship. I have faced some difficulties which I overcome with my own way. I observed the teaching style, environment of the classroom, methodology, teaching technique, relation between teachers and students. I had both positive and negative experience during my observation. After observing the classes I prepared myself for teaching and I tried to apply some different methods of teaching. Some of the teachers helped me very much. Then I conducted the classes. So, my experience was really very good and enjoyable and I mean it was memorable experience for my whole life.

Methodology

3.1 Selection an Institution:

First of all, I was thinking about which school will be better for me and near my University. But I could not find any school which was near my university. Then my one female friend who lived in besides the University, on her recommendation I went to the school. This school was situated near my University and Its only few minutes walks away from my University. That's why I choose this School for my Internship. Then one day I went to the school with my friend and talked with the headmaster about my Internship. Then I got an approval from headmaster and got the class routine of the school. Then I observed 3 different classes of 3 different teachers and then I conducted some classes.

3.2 Selection of the Classes:

After got an approval from the headmaster, at first, I observed some different classes of some different teachers and then I choose the class of 6,7 and 8. While I conducted the classes, all teachers helped me very much and students was really awesome. They welcomed me so warmly and nicely. I took both English 1st and 2nd part of class 6,7 and 8. I took the English 1st paper in class 6 and took the 2nd paper English Grammar in class 7 and 8. From 2nd paper I read them Articles, Verb, Tense, Preposition, Noun, Narration and Changing Sentence. From the English 1st paper I also read them Poem, Story and Model Question.

3.3 Classroom Observation:

I observed 3 different classes of 3 different teachers of this school. I observed class 6,7 and class 8. Teacher's informed me the class time and gave me the class routine of class 6,7 and 8. At first, I observed class 6's English first paper and then observed class 7 and 8's English 2nd paper. I observed the class of honorable teachers Mrs Lipi Akter, Md Alamgir Hossain and Md Suruj Mia. Teachers and students both were really amazing and they were very helpful.

6.2 Day 02 Session 02:

I took my second class in class 7 on the topic of Article. The class was started at 11 am and class duration was 45 minutes. When I entered the classroom, all of the students wished me Good Morning and I also wished them Good Morning. Then I took their attendance loudly and then I read them The Article. I read them definition of Article and its some example. At first, I read them very well and I gave them 10 minutes for read it their own way. After that I questioned them one by one and maximum students answered the question. Some of the students could not answer. Some of the students were facing some problem. Then I told them to write definition and example and again read them. Then all of the students answered my question correctly. At the end of my class I gave them some homework.

6.3 Day 03 Session 03:

I conducted my third class of class 8 and the topic was Voice Change. The class was started at 2 pm and class duration was 45 minutes. I entered the class room on time. When I entered the classroom, at first, I introduced myself and asked their name. Then I took their attendance loudly and then I started read them the topic of Voice Change. At first, I read them properly and then gave them 10 minutes to read the topic very well. After that I questioned them and they answered very well. At the end of my class, I gave them some homework.

6.4 Day 04 Session 04:

I conducted my fourth class of class 6 on the English 1st paper. The class was started at 9 am and class duration was 45 minutes. When I entered the classroom, first of all I took the attendance of the students and then I read them English 1st paper's Poem 'Little Red'. At first, I recited the poem with translated and then told them to read it 5 times. Then all of the students wrote the poem in their exercise book. Most of the students was correct. Only some of the students could not write the poem correctly. At the end of my class, I told them to read the poem and gave them homework. So that they could develop their pronunciation.

6.5 Day 05 Session 05:

I conducted my fifth class of class 7. The class was started at 11 am and class duration was 45 minutes. When I entered the classroom, first of all I took their attendance and then started to read them. The topic was English 1st paper's one Model Question. At first, I read them the passage of Model question line by line and I was translating the passage in Bengali. Then I told them to solve the questions. I gave them 15 minutes to find out the answer. After 15 minutes, I wanted to see their exercise book. Most of the students answered correctly. Some of the students could not write properly. Then I solved their problem and find out the answer from the Model Question's passage. At the end of my class, I gave them some homework.

6.6 My Overall Experience:

My teaching experience was really very great and I enjoyed a lot while I was talking the classes of the school as an English teacher. According to the 5 days classes, I conducted the others classes in the same way. I went to the classroom just on time. Teachers and students were very much helpful. I tried my best to communicate with all of the students. They were really amazing. When I was feeling some nervous they were help me to overcome the nervousness. In that way I completed my Internship very greatly. It was really memorable work for my whole life.

Chapter-7.0

Overall Findings

7.1 Teacher Facilities:

Most of the teachers were well educated, BA and MA from different field. They were available for all of the students of their school. They were very helpful and If any students needed the help then all of the teachers tried to help the students.

7.2 Classroom Facilities:

The school had total 10 classrooms. All the rooms were very clean and big. Every room has 4 fans and 6 windows. Every room has enough space and classrooms were well organized but sometimes electricity was gone and then students was sweating so much.

7.3 Scholarship Facilities:

The school committee gave the scholarship of poor students so that they felt interested to continue their study. This opportunity was only for poor students and meritorious students.

7.4 Fresh Environment:

The School is located in a rural area but the school is very beautiful and well decorated. In front of the school there is big flower garden and one big Banyan Tree. Besides the Banyan Tree the school has one big pond. Overall the school campus is green and well decorated.

7.5 Lack of the communication:

There was no transport system in the school and also there was no good road besides the school. That's why teachers and students face some difficulties especially in a rainy season.

7.6 Use of Technology:

There was no multimedia facilities and sound system in the classroom. That's why most of the time teachers and students face some problems.

Chapter-8.0

Recommendation

8.1 Recommendation for the Institution:

After completing my Internship, I would like to suggest that all of the teachers of Sheynjuti School, teachers should be more attentive and use English Language all of the classes so that students learn English Language properly. Though it is not English Medium School but every teacher should be use English Language while they take the class. Because English is an International Language and it uses all over the world. After completing my work of their School, I found some good and bad side of their Institution and also teachers.

These are given below;

- 1.All the teachers should pay attention to the last bench.
2. They should improve their English pronunciation.
3. There is no debating club and cultural club so its can be added.
4. Teachers must use more teaching materials like projector.
5. Transport facilities can be added.
6. Teachers should be arranged a monthly meeting between teachers and student's guardians.

Chapter-9.0

Conclusion

First of all, I want to thank almighty Allah who has given me the strength and intention to finish my Intern successfully and nicely. Then I also want to special thank my honorable Intern supervisor Tamanna Farahdina. Her inspirations, instructions and idea helped me a lot to complete the Internship very greatly. I also want to thank all of the teachers and students of Sheynjuti School who helped me a lot. Their support was very helpful to complete my Internship. My overall Internship journey was very much enjoyable and precious to me. Actually I want to become a good teacher, as I want to be a teacher so this Intern helped me a lot. It was my first experience to teach the students. It is a very interesting profession. One thing I realize that the bonding of teachers and students will remain forever and I believe that my Internship experience will help me a lot of my future career. So at last I want to thank my parents who supports me a lot and again thank my supervisor, the teachers of the Sheynjuti School for encouraging me to complete my Internship so nicely.
