At first, I observed class nine, section A on 2nd October 2018. It was English 2nd paper class. This was the 3rd period. Class time was 40 minutes. The class teacher name is Md. Zakir Hossain. When the teacher come into the classroom all the students stood up and gave him salam and he also took the salam. Then the teacher introduced me to the students. The teacher wrote the topic on the white board and the topic is “voice changes”. Then teacher discussed about voice changes. Teacher teach the students how to change active to passive and passive to active voice. Teacher gave some rules and also gave some example. The students also wrote down their all necessary notes. Sometime teacher made some funny example to keep students in a jolly mood. He is a very good and friendly teacher but he is also strict and maintaining discipline in the classroom. In the class, the interaction between teacher and students was good. Although, it was an English class and teacher teach English but sometime he used Bangla words for the student’s better understanding and teacher communicated to the students easily. Overall, his teaching system is so good and satisfactory.

2nd class:

The second class that I observed class nine, section B on 3rd October 2018. It was the 3rd period. The class teacher name is Md. Razzak Hossain. He is a teacher of English 1st paper. Then, teacher gave fill in the gaps to the students to complete and after sometime teacher told the correct answer. At the end of the class, teacher gave some model question to the students for the next class. Then the class time was finished. Sir and I left the class room.
