Subject: Submission of the Project Report.

Dear Sir,

I would like to take this opportunity to thank you for the guidance and support you have provided me during the course of this report. Without your help, this report would have been impossible to complete.

To prepare the report I collected what I believe to be most relevant information to make this report as analytical and reliable as possible. I have concentrated my best effort to achieve the objective of the report and hope that my endeavor will serve the purpose. The practical knowledge and experience I have gathered during preparation report will immeasurably help in my future professional life. I request you to excuse me for any mistake that may occur in the report despite of my best effort.

I would really appreciate it you enlighten me with your thoughts and views regarding the report. Also, if you wish to enquire about an aspect of my report, I would gladly answer your queries.

Thank you again for your support and patience.

Md. Momin Prodhan

DEDICATION

This research work is dedicated to my beloved father Md.Bazlur Rashid and mother Mst.Morsheda Begum and my Brother who gave me the support and courage to fulfill this work successfully.

Certificate of Approval

I am satisfied to certify that the project report on “**Preparation of Herbal Facial Mask with Dragon Fruit for healthy skin.**” conducted by Md. MominProden Carrying ID: 161-34-517, Department of Nutrition and Food Engineering, Faculty of Allied Health Sciences, Daffodil International University; has been approved for presentation and defense for the academic degree.

Md. MominProden bears a strong moral character and an extremely satisfying identity. It has in fact been an extraordinary delight working with him. I wish him all achievement in life.

Professor Dr. Amir Ahmed
Head Department of Nutrition and Food Engineering
Faculty of Allied Health Sciences
Daffodil International University

ACKNOWLEDGEMENT

Firstly of all my gratitude and thanks almighty Allah, the most merciful and kindness has made this work successful. I would like to say thanks to the honorable Vice Chancellor DIU for extending me this opportunity to fulfil my B.Sc. Degree on Nutrition and Food Engineering.

My deep gratitude and sincere thanks to the honorable Head, Department of Nutrition and Food Engineering, **Professor Dr. Bellal Hossain**, for this kind cooperation and encouragement to accept this degree.

My deep and sincere appreciation to **Dr. Amir Ahmed**, Associate Head of Department Nutrition and Food Engineering for his constructing suggestions and guidance at this work which has helped me to do it successfully.

I am also thankful to my great teachers Dr. Sheikh mahatab Uddin, Lecturer and our Batch Advisor Assistant Professor, Fouzia Akhter, Senior Lecturer, Tasnima Tasneem, Senior Lecturer, Nasima Akhter Mukta, Lecturer, Effat Ara Jahan, Lecturer for their countless inspiration and encouragement during my student life.

My gratitude goes to entire NFE Department of Daffodil International University for arranging this research opportunity and facilitating the work throughout.

My warmest thanks to our Coordination Officer, Emran Hossain, Assistant Technical Officer, Reaz Mahmoud and Assistant Technical Officer, Elahi Box as well as Lab Technician Imdad Hossain.

Abstract

Hylocereus polyrhizus and Hylocereus undatus are two assortments of the ordinarily called Dragon Fruit products, has a place with the Cactaceae family. Dragon Fruit product contains a few kinds of cancer prevention agents (Betalains, Hydroxycinnamates, Flavonoids) which shield cells from temperamental particles called free radicals, which are connected to ceaseless infection hazard and maturing. Dragon Fruit product is likewise rich in phyto albumins and nutrient C which are profoundly esteemed for their cell reinforcement properties so make your skin more tightly, progressively adaptable and favor you with an excellent solid shine. Customary utilization of this readied Dragon Fruit product Cream on the face can help in hindering the way toward maturing. It is likewise utilized in treating skin inflammation and burn from the sun.

1. INTRODUCTION:

1.1 Dragon Fruit and Its Health Benefit:

Scrumptious, palatable Dragon Fruit product can be reaped from a few types of desert plants in the Cactaceae Family. Dragon Fruit product can be developed where there is no genuine ice in cool zones 9b to 12. These prickly plant species won't develop in wet soil, dry deserts or hot, damp wildernesses.

Dragon Fruit products, has a place with the Cactaceae family (Rahim, 2015). Dragon Fruit product contains a few sorts of cancer prevention agents (Betalains, Hydroxycinnamates, Flavonoids) which shield cells from insecure particles called free radicals, which are connected to incessant illness hazard and maturing (Ghodke at. al., 2017).

Dragon Fruit product are sweet organic product from prickly plant plants in the variety *Hylocereus* and *Selene cereus*. This profile is alluding to natural products inside those genera and the term Dragon fruit product will be utilized all. In different archives, Dragon Fruit product can be alluded to as Dragon or strawberry pear (Lobo et al, 2013). Another desert flora natural product that passes by a similar regular name Dragon is from the variety *Steno cereus*. Natural products from the sort *Steno cereus* seem to be like Dragon fruit product; in any case, they are rounder and have an acrid flavor (Shelton, 2014).

Selenicereus megalanthus is another Dragon fruit product developed for business generation, which has organic product with yellow skin and white tissue (Lobo et al, 2013). All Dragon Fruit product have dark little consumable seeds that are comparative in appearance to kiwi seeds. The surface of dragon Fruit product is like kiwi or watermelon, and the flavor is somewhat sweet with unpretentious hearty notes. The cultivars with more profound pink substance are said to have the most flavor (McEachran, 2015). Dragon fruit natural product are generally the size of a baseball, however oval molded.

The late spring (June through September) is the principle season for crisp dragon fruit product. August and September are the pinnacle a very long time for most assortments; nonetheless, assortments of *Selene cereusmegalanthus* produce natural product throughout the winter a long time of November through February (Lobo et al, 2015).

The primary two species developed for business generation incorporate *Hylocereus undated*, which has organic product with splendid pink skin and white tissue, and *Hylocereus sp.*, which has natural product with brilliant pink skin and fluctuating tones of pink substance. Both have various assortments.

1.2 Dragon Fruit Health Benefit:

Dragon fruit is rich in antioxidants like flavonoids, phenolic acid, and betacyanin. These natural substances protect your cells from damage by free radicals -- molecules that can lead to diseases like cancer and premature aging.

In spite of the fact that dragon fruit product doesn't have the supplement punch of berries or citrus natural products, it makes for a decent tidbit or pastry since it's normally without fat. It's likewise high in fiber, which will help keep you full for longer between suppers.

Dragon Fruit product could help bring down your glucose. Bigger sums may cut glucose levels in the event that you as of now have diabetes. Scientists state it may work, to some extent, by supplanting harmed cells in the pancreas that make insulin - the hormone that enables your body to separate sugar.

In any case, the examinations were done on mice, not individuals. It's hazy exactly how much dragon fruit natural product you'd need to eat to get these advantages.

Dragon Fruit product likewise has prebiotics - nourishments that feed the solid microbes called probiotics in your gut. Having more prebiotics in your framework can improve the parity of good to terrible microorganisms in your digestion tracts. In particular, dragon Fruit product energizes the development of the probiotics lactobacilli and bifidbacteria. In your gut, these and other accommodating microorganisms can slaughter ailment causing infections and microbes.

7 health benefits of dragon fruit:

- High in Nutrients. Share on Interest.
- May Help Fight Chronic Disease.
- Loaded With Fiber.
- Promotes a Healthy Gut.
- Strengthens Your Immune System.
- May Boost Low Iron Levels.
- Good Source of Magnesium.

Red Dragon Fruit natural product (*Hylocereus polyrhizus*) is rich with nutrients A, C, E and others sort of minerals, for example, calcium and phosphorus. The natural product tissue likewise contains phenolic mixes and betacyanin that are added to cancer prevention agent exercises Bae SH, Suh HJ (2007). Despite the fact that the mythical beast natural product has huge medical advantage, it is additionally profoundly transitory and exposed to quick disintegration because of its high dampness content and the continuation of its metabolic action after gathering.

Dragon Fruit products have not ideally utilized despite the fact that the Dragon Fruit natural product strip has extent contrast and the entire leafy foods a large portion of polyphenol. As indicated by Nurliyana et al. 2010, the strip of winged serpent natural product has higher phenolic content and higher radical searching action than the mash and in this way could be a decent wellspring of cancer prevention agents. The mixes distinguished in the strip are chlorogenic corrosive, Gallic corrosive, and quercetin.

1.3 Dragon fruit Uses face mask:

Normal utilization of Dragon Fruit product all over can help ensure it against free radicals and the harm they do. For this, we propose grimacing cover out of equivalent amounts of yogurt and Dragon Fruits product crushed into a glue. Apply onto your face and leave in for around 20 minutes. A short time later, wash off with tepid water.

Dragon Fruit product skin might be yellowish to dull red in shading with eatable tissue that perhaps white or red relying upon the assortment. It has a ton of dark little seeds that is additionally consumable. Dragon Fruit product is rich in normally happening flavonoids, which are basically found in Dragon Fruit product strip. Dragon Fruit product is additionally rich in phyto albumins which are profoundly esteemed for their cell reinforcement properties. It encourages us to battle free radicals in our body. It additionally hinders the maturing procedure after the free radicals are decreased.

It is additionally plentiful in numerous significant minerals as iron, calcium, phosphorus. Aside from this, it contains a decent extent of protein, fiber and niacin and last however not the least, 80 percent water. Consequently you can without much of a stretch consider it a 'super organic product' that aides in improving nourishment and amends body infirmities. Not just that, Dragon Fruit product can be an indispensable fixing in your everyday excellence system even.

1.4 Benefits of dragon fruit face mask For Skin:

1 . Help soothe sunburnt skin

The organic product is stacked with nutrient B3 that empowers it to relieve burned from the sun skin and give moment alleviation from the aggravation, redness and irritation brought about by the cruel ultra-violet beams. Also, it shields the skin from the hurtful sunrays.

2. Helps reduce acne:

At the point when applied topically, Dragon Fruit product can help lessen skin break out; gratitude to the nearness of nutrient C content. This cell reinforcement keeps your skin from breaking out and further keeps it solid and gleaming.

3. Makes the skin glow:

2. LITERATURE REVIEW:

Red Dragon fruit is a tropical natural product. As per Bowman (2008), red Dragon Fruit natural product (*Hylocereus costaricensis*) or dragon is one sort of desert plant that is originated from Mexico, United States, and South of America, at that point brought to Indochina (Vietnam) as elaborate plant since it has exceptional shape, excellent blossom, and red glossy balance organic product. Further, Rizal (2015) claims that red Dragon Fruit is appropriate with the tropical atmosphere, for instance Vietnam and Thailand, they become the biggest maker of Dragon Fruit. In Indonesia, red Dragon Fruit product isn't generally known in light of the fact that the plants is still less and hard to acquire in customary markets, it is additionally because of red Dragon fruit product is delegated new development type (Winarsih, 2007).

This natural item began to enter Indonesia around the year 2000 and imported it from Thailand, by then it is formed into cultivating harvests in specific districts like Yogyakarta, Malang, Mojokerto, and Jember (Purba, 2007). By and by, Red Dragon Fruit is as often as possible created in Indonesia since it has its own one of a kind focal points, explicitly has a greater size, progressively engaging meat concealing, and various enhancements containing in it (Gusti, 2011).

Red Dragon Fruit contains various sustenance. According to Cahyono (2009) and Cristiano (2009), the sustenance in every 100 gram of red Dragon Fruit contains 82,5-83 gram water, 0,21-0,61 gram fat, 0,15-0,22 gram protein, 0,7-0,9 gram fiber, 0,01 mg carotene, 8,8 mg calcium, 31,6 gr phosphor, 0,55-0,65 mg iron, 11,5 gram starch, 9,61 gram sugar, 60,4 gram magnesium, and moreover Vitamin B1, B2, and supplement C. Not simply that, red mythical beast Fruit item in like manner contains high of cell support.

All malignant growth aversion specialist blends can go about as substances that defer or dodge the oxidation of cell ox disable substrates considering the way that by responsive oxygen species (Agile et al., 2007). With this piece, red Dragon Fruit item acknowledged as advantageous organic product balance blood glucose, counteract entrails disease, protectoral prosperity decline cholesterol, fortify kidney and bone capacity, anticipate draining so that can increment and urancoverall(Hardjadinata,2010).

2.1 Dragon Fruit Skin Benefit:

Since red dragon Fruit products wealthy in supplements, it might convey some incredible advantages to the body.Red Dragon fruit product has a sweet taste and dull.With a sweet taste, that makes many people captivated. Appreciate Dragon Fruit product in different structures is dazzling for wellbeing and magnificence.Based on Syakira (2016), there are six benefits of red dragon fruit for beauty:

Smooth and Moisturize the Skin:

Red Dragon Fruit product contains vitaminB3, which is exceptionally helpful to saturate the skin and make the skin smooth equally.

2. PreventingPrematureAging:

Advantages of the red dragon Fruit for excellence in avoiding untimely maturing. This sweet red organic product contains a ton of nutrient E and beta-carotene which fills in as restraining the development of dangerous cells that are free from untimely maturing

3. Prevent and Eliminate Acne:

Advantages of red mythical beast organic product are likewise useful for counteracting skin break out and expel skin break out. Try to smooth the Dragon Fruit product or mix. Enter a large portion of a glass of water and strain the mash. Take the Dragon Fruit foods grown from the ground on face and neck equally. Play out this treatment normally one time seven days.

4. Drug Burns:

Consumed skin will expel your excellence if individuals are encountering this issue quickly defeat with a red Dragon Fruit product. Dragon Fruit product stripped and took the water.Add one table spoon of nectar and one table spoon of lemon juice. Consolid at fixing splendidly and apply on consumes. Perform two times each day.

2.2 Dragon Fruit health Benefit:

Red dragon fruit is not only good for beauty alone but also good for health. It is in line with Angie (2016) that have explained 21 benefits that provided by red dragon fruit:

Promotes Healthy Digestion:

Red Dragon organic products contains some measure of fiber which can offer advantage to the assimilation. Advantages of advancing sound processing is regular in most organic product however red Dragon Fruit products surely can keep up solid assimilation and anticipate irritation that occur in the absorption tract.

2.Prevent Constipation:

Fiber isn't just make processing framework sound yet it likewise improve defecation and encouraging the stool to pass the digestive organ simpler. Fiber in red winged serpent natural product add more mass to stool and avert obstruction.

3.Fight Cancer:

Red Dragon Fruit product contains more cancer prevention agent and colors which more prominent than cell reinforcement in different kinds of Dragon Fruit organic product. The red Dragon fruit product contains Vitamin C and lycopene which can keep from certain malady, for example, malignant growth, particularly prostate disease. An investigation which distributed in the Asian Pacific Journal of Cancer Prevention announced that utilization of some measure of lycopene consistently can diminish the danger of prostate malignant growth.

5.Prevent Diabetes:

Advantages of Red Dragon Fruit products contain fiber which can balance out the glucose level in blood. It is additionally consider as nourishment with low glycemic record. Devouring nourishment with lower GI or glycemic record can offer advantages to the body and it cause the insulin to can work appropriately while high GI nourishment can advances insulin opposition and trigger the advancement of Diabetes?

6.Prevent Heart Disease:

Coronary illness is number one infection that ought to know by all individuals. The cell reinforcement in red Dragon Fruit product likewise assume significant job in keeping the heart from oxidative pressure that because by free extreme harm.

7.Slower Aging Process:

Everybody need have solid and youthful life, by devouring red Dragon Fruit product it won't be inconceivable. Red Dragon Fruit product is finished by various measure of cancer prevention agent that can more slow the maturing impact in the body. For data, maturing that occur in human body is for the most part because by free radicals impact.

8.Promotes Healthy Hair:

Red Dragon Fruit product juice can upgrade hair magnificence. Simply apply some juice of red Dragon Fruit product on scalp and hair stem or use it as hair cover. Red Dragon natural products contains high cell reinforcement and more supplements that can upgrade the shade of the hair what's more, make it smooth.

2.3 Dragon Fruit Antioxidant Property:

One approach to battle this is by eating cell reinforcement rich nourishments like Dragon Fruit product.

The target of this examination was to explore the cell reinforcement properties of natural product (strip and mash) and mash of *H. polyrhizus* and *H. undatus*. Cancer prevention agent substance of the two types of *Hylocereus* organic products were estimated utilizing ascorbic corrosive and absolute phenolic substance. Cancer prevention agent exercises of the two types of *Hylocereus* organic products were examined utilizing free radical searching action and ferrous particle chelating action.

2.4 Dragon fruit contains several types of potent antioxidants, including:

Significantly, cell reinforcements work best when eaten normally in nourishment, as opposed to in pill structure or as an enhancement. Truth be told, cell reinforcement enhancements may have unsafe impacts, and taking them without medicinal supervision isn't prescribed.

Battalions:

Test-tube ponders demonstrate battalions can battle oxidative pressure and may be able to stifle malignant growth cells.

Carotenoids:

Beta-carotene and lycopene are the plant shades that give Dragon Fruit product its dynamic shading. Diets wealthy in carotenoids have been connected to a decreased danger of malignancy and coronary illness.

Energetic in shading, which additionally implies that Dragon fruit is loaded up with Antioxidant that can give you your much required portion of cell reinforcements. Cell reinforcements help in battling free radicals which could harm your cells and even lead to malignancy. An eating regimen wealthy in cell reinforcements is said to keep your heart solid and the skin youthful.

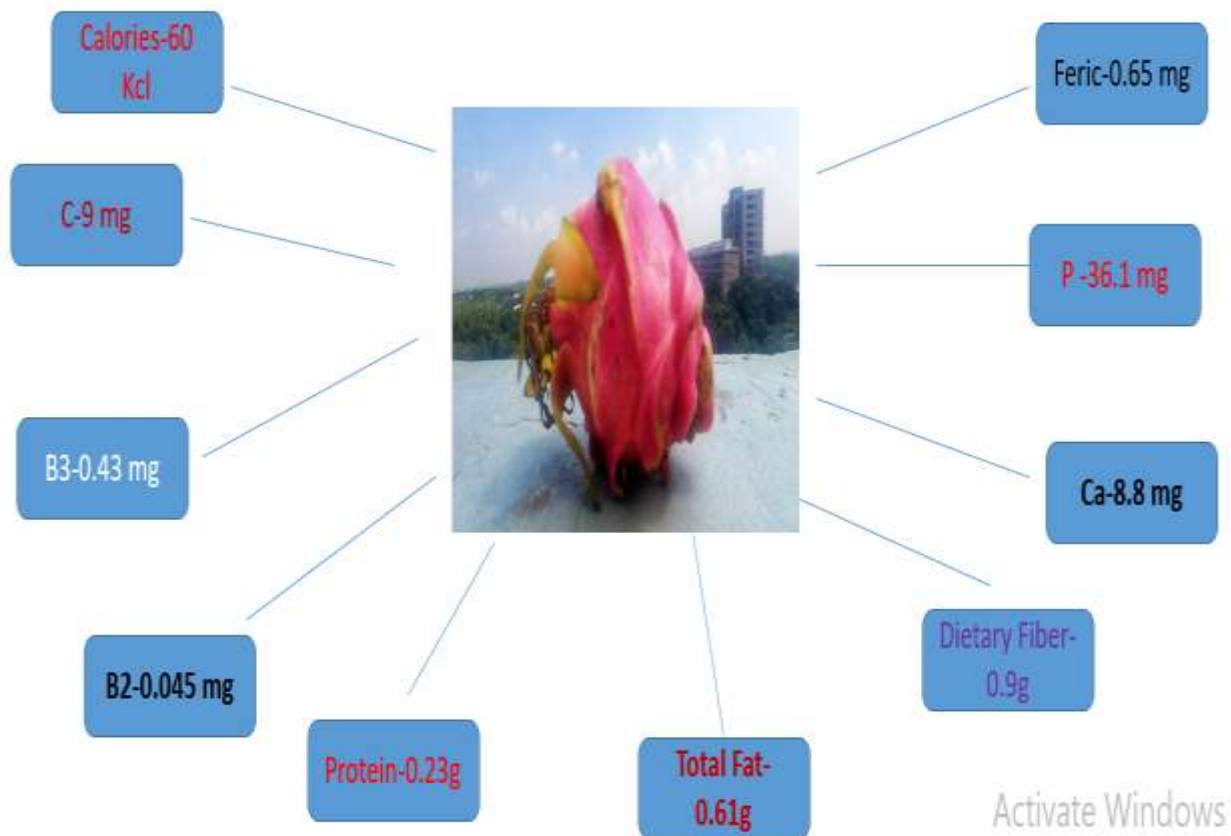

2.5 Dragon Fruit Vitamin C Property:

Observational examinations have discovered connections between's nutrient C admission and malignancy hazard.

Since Dragon Fruit product is a decent wellspring of nutrient C, it helps in reinforcing invulnerability, supporting the ingestion of iron by the body, delivering collagen which makes our teeth more beneficial, and advancing a sound and shining skin. Nutrient C likewise helps support your resistance, in this manner shielding you from becoming ill.

Dragon Fruit Vitamin C helps For Skin:

Dragon Fruit product is astonishing for skin inflammation inclined skin and when applied topically, the high nutrient C content decreases redness and irritation by boosting your skin's blood stream. Since it's an astounding wellspring of nutrient b6, eating Dragon Fruit will help direct your hormone levels in this way limiting breakouts.

3. OBJECTIVE OF THE STUDY:

The specific objectives of this study are:

- To prepare a facial cream from the seedless pulp of dragon fruit in conventional cream base.
- To analyze the appearance and homogeneity of the cream.
- To the viscosity and spread ability of the facial mask.
- To conduct a skin irritation study and
- To assess the after feel and removal procedure.

4. Methodology:

Preparation (Machine):

4.1 Materials:

Fresh Dragon Fruit:

Fig: Dragon Fruit

2. Knife:

Viscosity:

Fig: Viscosity

PH Meter:

Fig: PH Meter

5. Analysis:

5.1 Determination Appearance and Homogeneity:

Developed cream was tested for physical appearance and homogeneity by visual observation.

5.2 Determination of pH

Determination of pH means to quantify the amount of acid or base in the sample. The idea of pH was first introduced by Danish scientist Søren Peder Lauritz Sørensen at the Carlsberg Laboratory in 1909.

- pH is the negative log of hydrogen ion concentration.
- pH is measured by the pH meter.
- pH ranges start from 0 and end at 14. The point 7 means the sample pH is neutral. When this pH value decreases from 7 means it is acidic. And when pH value increases from 7 means sample is alkaline.

Preparation

- . Take 20 ml water
- . Add 2 ml Dragon Fruit Pulp solution

Result

The pH solution of Dragon Fruit Pulp is being = 7.95

5.3 Determination of Viscosity:

Preparation:

- . Take 125 ml dragon Fruit Face mask.

Apparatus:

1. Ostwald Viscometer
2. Electronic Balance
3. Stop Watch.

The measurement of viscosity of prepared cream was measured using Brookfield Viscometer. The reading was taken at 30 rpm using spindle no: 3.

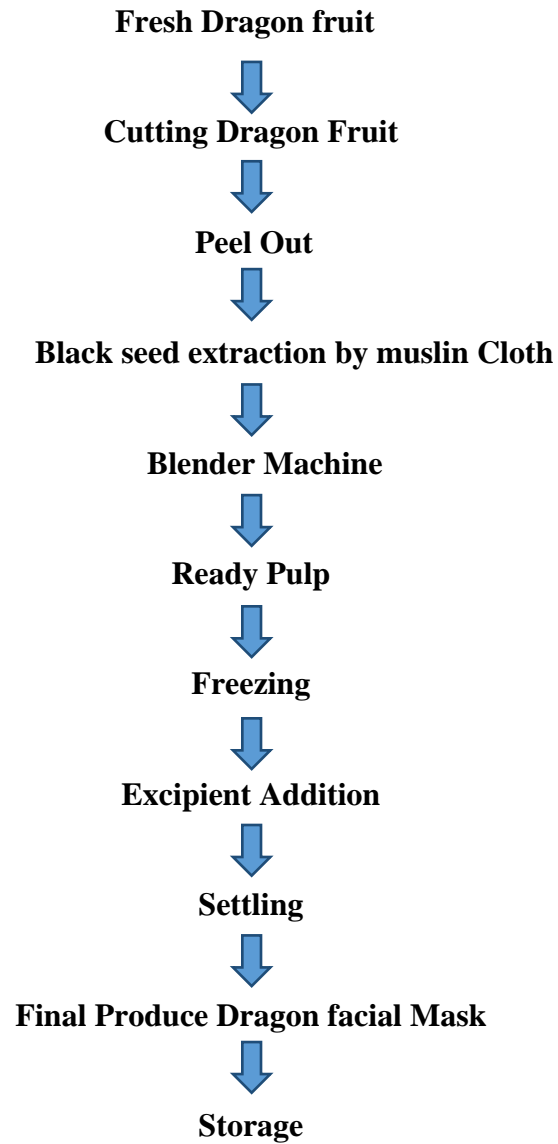

5.4 Skin Irritation:

Cream was applied on the human volunteers and treated skin was examined visually for erythema and edema.

5.5 Determination of Removal:

The simplicity of expulsion of the Cream applied was analyzed by washing the applied part with tap water.

6. Dragon Face Mask Flowchart:

Procedure:

At first I bought a Dragon Fruit from the market. Then take it to the lab class and clean it with water. Then they cut it with a knife. Then Separate the peel on the dragon fruit .Then mix the pulp into the mixing machine. When mixed well the pulp should be kept in a biker. Then I will cover it with aluminum foil and leave dragon fruit pulp in the refrigerator. Then the peel will need to be blenching at 80 Degree C for 2 minute. Blanching foods helps reduce quality loss over time. Then peel and seeds place in the tray and put them on the microwave oven or solar dryer. Then they have to dry well.

After drying the peel and seeds should be powered. Then the dragon Fruit pulp 5gm+dragon fruit peel powder 2g+ ayur massage cream 10gm.

Then again dragon Fruit pulp 5gm+dragon fruit seed powder 1g+ ayur massage cream 10gm.

7. Results:
