Chapter 1

Introduction

1.1 Introduction

As I am a student of major in Human Resource Management, I had a choice to develop my skills under working in a well-known financial institution of our country. As a balancing course of MBA program in Daffodil International University has given me a chance. Doing three months extensive internship program from 1st January, 2021 to 28th February, 2021 at EXIM Bank HR Training & Development Centre, I really learnt a lot from realistic completion of my knowledge and skills. This not only satisfied the necessity of the program but also facilitated the diffusion of knowledge in the banking area of Bangladesh and helped me a lot to match up to theoretical knowledge with practical knowledge. By doing those things this report is therefore the result of the assigned internship, recommended by the EXIM Bank HR Training & Development Centre and I knew for any business background student only academic knowledge is not sufficient to face the real world operations. During my internship period, the attitude and behavior of all the staffs were very pleasant towards me. During my stay at the office as an intern, I never felt vague and ambiguous. Rather from the very first day, all the people treated me like part of the organization. I was never treated as an outsider.
