## **Executive Summary**

In Bangladesh, the real estate business started in 1964. Ispahani Group was the pioneer in this sector. During 1970 there were fewer than five companies in Bangladesh engaged in this business. But now this is a booming sector of the company.

Household Development Ltd. was started its journey in 2008. Household Development deals with the real estate sector. Household Development Ltd. is our environmentally responsible response to the rapid spate of urbanization in Bangladesh. Pressures of urbanization in this country are compounded by the unfavorable land man ration Household Development has embarked upon a mission to make the maximum use of minimum land being sensitive to both environmental concerns and social continuity. Household Development at Corporate Branch has currently 35 employees, including drivers & peons. I have worked as an internship at Household Development – Corporate Branch from 23 October. Household Development is a fastest growing housing company in Bangladesh. In 2008, Household Development Ltd. launched their land project at Purbachal “Household Green City”. Household Development Ltd. participates on REHAB housing fair two times in a year. In the fair we take a stole for selling the plots. To make the sale successful the corporate office always provides feedback to the local office. We provide the brochures, maps, & other accessories so that the sales team can easily make their sales. Finally Household Development Ltd. has successfully established itself as one of the growing real estate developments in Bangladesh with reputation for a touch of class & dignity within the reach of all class of people.

In this report first I want to say Real Estate is property the term property referrers to anything that can be owned or possessed, property can be a tangible asset or an intangible asset. Tangible asset is land, building, automobile, etc. Intangible asset is any kind of document paper such as deed of agreement.

Customer satisfaction is one of the most important things in any kind of business mainly Real Estate business. HDL always want to do customer satisfy. They Apply many kind of process, such as always provide Project Brochure, location map, project value document and many more. HDL first show the land project to the customer, and then talk with customer about project value than when customer is convinced then sell the land.

HDL provides website facility to see customer land or plot. Always provide all types of money document and provide many more. A customer is stay satisfaction level then he or she always talk his or her relative about his or her land in positive, then relative talk with many people, If customer is stay dissatisfy then always talk negative.

## INTRODUCTION

**Household Development Ltd.**

A house of your satisfaction

## 1.1 Introduction

The country Bangladesh is most known internationally through newspaper headlines for its density, high population, corruption political & social instability, economic vulnerability and several disasters. These problems are real and their side effects have a remarkable impact on the society. Reality however is not as devastating as indicated by the image of the country since the national economy is improving day by day. As a result Real Estate sector is also improving day by day. Real Estate business was started in 1964. Ispahani group start their real estate business. Now in twenty first century, it is a sector of more than thousand companies. Real Estate is one of the profitable sectors in Bangladesh & also contributes in national economy.

Real Estate sector has a legal authority called "REHAB". Every company has to be a member of "REHAB". Household consortium is a member of "REHAB". As for business of land, it also a member of "BLDA".

Analysis program is essential for every bachelor degree holder students, because it helps him or her acquit with real life situation. As a BRE student I did my analysis a real estate company. The real estate sectors play a significant role in solving the housing crisis in Dhaka city, so I have selected Household Development Ltd.

To complete my Bachelor of Real Estate (BRE) degree, analysis is the important part. Analysis report has to submit after completion of all the credit hours at the final semester. So, according to my analysis, this is a study on " Evaluation of customer's satisfaction in Real Estate Business of Bangladesh: A case study on Household Development Ltd."

Household Development Ltd. is a well known company in Bangladesh. It was established in 2008. It is deals with only land project. HDL is only sell land / plot. HDL started their business with a land project at purbachal named "Household green city".

For completing my BRE degree Analysis Report is one of the parts at the final semester of the Department of Real Estate, Daffodil International University. This is a study on **Evaluation of customers' satisfaction in Real Estate Business of Bangladesh: A case study on Household Development Ltd.** It was a chance for me to learn about the management and how to satisfying the customers.

## **1.2 Scope of the Study**

This report will give us A clear picture about the customer satisfaction in General & Specially the activities Of Household Development Ltd. The Scope of the study is limited of organizational set up, functional & performance.

### **The scopes of the study are:**

- 1) Maintain a good relation between the employees & the management.
- 2) Improving an effective work station design.
- 3) Effective marketing layout designing.
- 4) Efficient handling of employees.
- 5) Handling & setting the employees according to their work.
- 6) Maintaining the link in effective manner.
- 7) Maintain a good relationship with existing clients.
- 8) Maintain a regular field work for new clients.

## **1.3 Objectives of the study**

The main objective of the study is to find out the Evaluation of customers' satisfaction in Real Estate Business of Bangladesh: A case study on Household Development Ltd. The specific objectives of the study are as follows:

- To find out some problems in Real Estate Business
- To identify the consumer choices regarding Real -Estate companies.
- To evaluate customers' satisfaction of HDL customers.

## **1.4 Methodology**

This study is basically a descriptive one conducted using quantitative data. Primary data are collected through surveying of existing customers' of HDL. The questionnaire consisted of 5-points likert scale in order to get interval scaled data. Other than these, some demographic questions are also set to classify the respondents. The sampling frame is the existing customers' of HDL.

### **1.4.1 Sample selection and size:**

The sizes of sampling were 100 existing customers of HDL. Which were insufficiently large for this short of survey.

### **1.4.2 Data collection method:**

The existing literature includes published journals, periodicals, newspapers, related magazines, documents and internet etc, most of the statistical data will be collected from the related web pages.

#### **1.4.2.1 Primary sources of data:**

- ⇒ Face to Face convention with directors and employees of Household Development Ltd.
- ⇒ Interview with the customers with questionnaire survey.

#### **1.4.2.2 Secondary sources of data:**

- Annual report of Household Development Ltd.. (2010 & 2011)
- Prospects of Household Development Ltd. ( 2010 & 2011)
- Different papers of Household Development Ltd.
- Un- published data
- Different text book
- Newspaper
- Internet
- Different manuals of Household Development Ltd.

### 1.4.3 Data source:

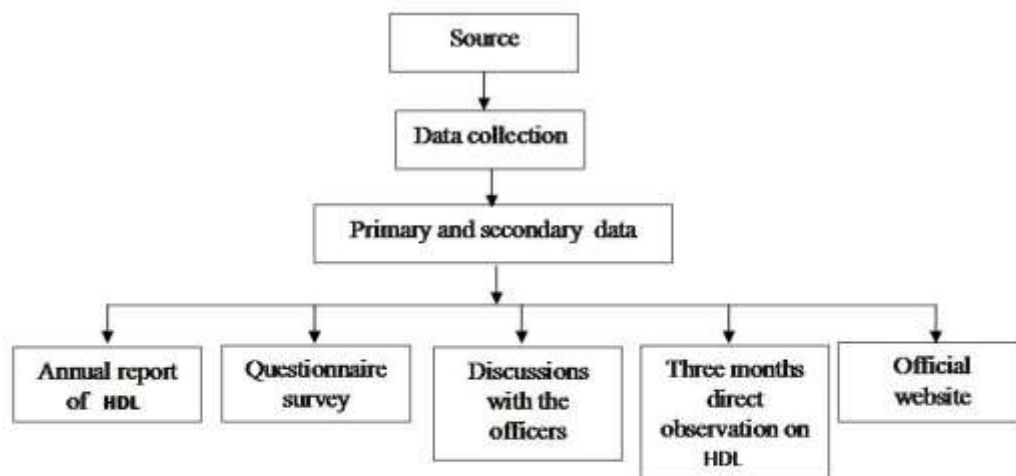

To perform this report a field study report is based on primary and secondary data.

### 1.4.4 Data processing:

To collect the primary data from the selected tour operators, a survey questionnaire will be used. Data collected from secondary sources will be processed manually and qualitative approach will be used through the study.

### 1.4.5 Data analysis and interpretation:

The present research is a combination of both theoretical and empirical. For the theoretical foundation and analysis, the existing literatures were investigated. To analyze the collected data, different quantitative and qualitative measures will be taken.

**Figure: Data collection method**

## **1.5 Rationale of the study**

Analysis program is essential for every student, especially for the student of Real Estate, which helps them to know the real life situation. For this reason a student takes the analysis program at the last stage of the degree, to launch a career with some practical experience. Customer satisfaction depends on customer by satisfying them with product and other sale services my analysis report is base on customer satisfaction of HDL. The buyers of the HDL in satisfied with the land. But the full report will make the real scenarios of the customer satisfaction.

The analysis program is very helpful to bridge the gap between the book knowledge & real life experience as part of Bachelor of Real Estate (BRE) program.

This analysis report has been designed to have a practical experience though the theoretical understanding.

## **1.6 Limitations**

The present study was not out of limitations. But it was a great opportunity for me to know activities of real estate business. It is not easy to make an analysis report. At the time of my report writing, I faced some limitations. Some constraints are appended bellow:

- Every organization has their own secrecy which they do not want to disclose to others. HDL does so.
- Employees of HDL did not discuss enough with me about the company, because they have rules from the top management.
- While was collected data i.e. interviewing the employees, they did not discuss much information for the sake of the confidentiality of the organization.
- The buyers were too busy to provide me much time for interview.
- Load at the work place was also a barrier to prepare the report.
- Another limitation was that the data gathered could not be verified for accuracy.
- Buyers of the HDL were busy, so I can't get enough time to take a long interview from them.
- Gathered data could not be verified for accuracy.
- Work place pressure was also a barrier to prepare the report.
- It was not possible to go to every department and take interview / conversion about their department / company.

## LEARNING PART

Household Development Ltd.

A house of your satisfaction

### 3.1 To find out some problems in Real Estate Business.

#### 3.1.1 High Land Value

The major hindrance of providing affordable housing to all is the high value of land in Dhaka city. Land value in the city has drastically increased in last decade showing about four fold increase of the average land value in last ten years. Some of the key areas of the city, for example in Baridhara, average land value is more than Tk. 4 crore per katha. Some areas land value are as flows:

Area	Land Price (Tk./katha)			
	1975	1990	2000	2010
Baridhara	25,000	6,00,000	25,00,000	400,00,000
Gulshan	25,000	6,00,000	22,00,000	250,00,000
Banani	25,000	6,00,000	20,00,000	150,00,000
Mohakhali	25,000	6,00,000	18,00,000	120,00,000
Dhanmondi	25,000	6,00,000	22,00,000	200,00,000

Figure: Land price in different areas of Dhaka city. [Source: Sheltech (Pvt) Ltd. 2010]

#### 3.1.2 High Value of Construction Materials

The housing problem of the city is further aggravated due to the price hike of construction materials. The price of construction materials is consistently increasing, thereby increasing the construction cost and apartment price. The annual change of the price of major components of construction is shown in the following table.

Year	Brick(TK. Per Piece)	Sand (Tk.Per.cft)		Cement (Tk. Per bag)	Rod,60Grade (Tk.Per Ton)
		Local	Sylhet		
2008	6.30	11.00	23.00	370	59,200
2009	6.00	9.50	25.00	355	50,700
2010	7.00	10.50	29.00	365	54,400
2011	8.18	13.42	31.00	372	62,200
2012	8.50	13.50	30.50	385	67,000

Figure: Year wise price of different construction materials.[Source: Sheltech (Pvt) Ltd. 2012]

### 3.1.3 High Apartment Price

The consequence of the land value increase couple with the price hike of construction materials is the increase in apartment price. The apartment price went through a sharp rise since 2000. In last ten years per square feet apartment value has increased by nearly triple. In place like Baridhara an apartment of 1400 square feet now cost nearly Tk.3 crore. In Gulshan and Dhanmondi the same 1400 square feet apartment will cost nearly Tk.2 crore. In low middle income areas like Shyamoli a 1000 square feet apartment costs around Tk. 45 lac. It is thus clear that without a bank loan the middle income people cannot afford to buy a decent apartment in the city.

### 3.1.4 High House Rent

The house rent is so much high day by day in Dhaka city. Represent the fact that there is a huge gap between housing demand and supply for all income groups.

Type	Low income group	Middle income group	High income group
Average Rent(Tk./sft)	13.8	16.7	22.5

Figure: Average House rent of different income group.

### 3.1.4 House Loan Interest Rate

As revealed in the earlier discussion, the apartment value in Dhaka is too high to afford by the middle and low income people. As such people mostly rent houses and so the house rent in the city is significantly high, as demonstrated earlier. To help people through buying apartments the governments in most of the countries have arranged house loan with low interest.

### 3.1.5 Property Transfer and registration Fee

In addition to the high apartment cost and loan interest, fees pertaining to property transfer and registration impose extra burden to buyers. Such fees include gain Tax (2%), Stamp Duty (3%), Registration fee for the central government (2%) and City Corporation (2%) and fees for Sub-registers (90.5%) which together account for additional 9.5% cost of an apartment. Besides, the buyers have to pay Advance Income Tax (Tk. 2000 per sq. meter) along with a 1.5% Vat which further worsens the affordability of the buyers (Seraj, 2010).

### **3.2 To identify the consumer choices regarding Real -Estate companies.**

While purchasing the products consumer choices depends on the following criteria. They prefer to purchase products from those company which.

#### **3.2.1 Company which provides products within Affordability of customer.**

What's the total cost of the Gainesville apartment when you add up rent, utilities and any other regular costs? (Note: Most experts' recommend you spend no more than 25-30% of your income on housing.)

#### **3.2.2 Company which provides better Amenities with products.**

Does the community have high-speed Internet, which would make it easier to conduct research for school? Does it have quiet common areas for study so you can get away if your roommates are entertaining? Does it have a trek room where you can let off steam, a pool or outdoor sports facilities?

#### **3.2.3 Company which provides better Transportation system.**

Is there an adequate parking close to your unit, or will you have to walk half a mile loaded down with books or groceries? If you're trying to get by without a car, is the community close to public transportation? And don't just think about the proximity to buses headed to and from school. You'll also want to consider whether you can easily get to the grocery store, entertainments and a possible part-time job.

#### **3.2.4 Company which provides better Atmosphere.**

Is the community known for parties 24-7? Is it so quiet it will drive you crazy? Are the residents mainly young students? Professionals? A Mix? There's no single right choice here; just make sure the atmosphere is a good fit for your personality and your work or study habits.

#### **3.2.5 Company which follows better Building Basics.**

Are the walls, ceilings and floors well insulated to keep out noise from the people in the apartment next door or above or below you? Do the windows and doors seal tightly to keep out the wind and weather? Are the rugs and flooring in good shape? Is the water pressure strong enough for a good shower?

### **3.2.6 Company which ensures better Safety.**

Do all the doors and windows lock? Does each room have at least one operable window that you can use as an escape in case of fire? Are there smoke detectors and do they work? Is the lighting outside adequate? (Note: If you're concerned about possible crime problems around an apartment community, contact the Gainesville Police Department at 352-334-2400 and ask whether they have records of criminal complaints and if so, how many reports have been filed against the Gainesville apartment you are considering.)

### **3.2.7 Company which provides better Appliances.**

Do the freezer and refrigerator get cold enough to safeguard your food? Do the stove and oven work? If there's a dishwasher, does it work? Is the water heater large enough to provide hot water for several showers each morning? Is the air-conditioning unit large enough to adequately cool your rooms?

### **3.2.8 Company which provides better Utilities.**

Are there enough phone lines to handle both phone and Internet service for you and your roommates, or will you have to share lines? Are there enough outlets for your entire computer, stereo and other needs? Enough cable connections for TVs and/or cable modems?

### **3.2.9 Company which provides better Staffing.**

Does the staff seem friendly and helpful? Are there enough people to handle maintenance and repair? What do existing tenants think of the quality and speed of service provided by this Gainesville apartment community?

### **3.2.10 Company which provides better Pet Policies.**

Does the community accept pets? Does it prohibit animals over a certain weight or breeds of dogs that historically have proven vicious?

### **3.2.11 Company which follows better payment method.**

Does the company have installments opportunity? How much installments? In most of the cases, people buy plot on installment basis. However, they are to pay the full amount prior to plot delivery. Similarly, plot buyers require to pay the installment on due time. The buyers often face the difficulty of maintaining on due time. The buyers often face the

difficulty of maintaining schedule of payment. In this situation, responsible developer companies give reminder to the particular client to recall the time of payment. Moreover, concerned representatives of renowned companies always pursue to collect installment as per payment schedule

### **3.3 Operation of the Real Estate Business**

There is a standard and organized procedure of operation of the Real Estate business in Bangladesh. It is true that in some cases the business procedure may differ from company to company .However; most of companies operate Real Estate development in almost similar manner.

The first stage of Real Estate development is land purchase. A number of steps are to be completed to procure the land.

### **3.4 Land Procurement**

At the very first step land information is collected through two different sources such as different personnel, direct communication of land owner with company representatives, Brokers.

All land information is primarily recorded. Because of company has a targeted area. So company needs to buy all those lands which they have proposed to lunch the project. Household Development Ltd. primarily brought 375 bigha among 1000 bigha for the project. Basically company representative helped to buy the land from the land owners. If any land owner doesn't want to sell his land then company proposes some conditions. Through these conditions, company & land owner will be both benefited. Household Development Ltd. start there project "Household Green City" under DAP area. That's why land owners get more money by sell their lands. From this greediness it becomes much easier for the company to buy lands to fulfill their company project.

### **3.5 Project Design Preparation**

After Completion of the land procurement the company starts to prepare architectural design by the architects. In most of the cases Real Estate developers engage consultancy firm in land project design. However, some renowned companies prepare their land

project design by RAJUK architects. Every Real Estate company follows a specific standard in According to RAJUK. If the project is in DAP area, and then Company has to design their project according to RAJUK.

### **3.6 Project Approval**

Project approval is the final stage for the completion of a project. It is not that much easy to get an approval from RAJUK. For the approval, every company have to make their project design according to RAJUK. Then companies needs to gets approval of 6 different ministries. Such as Home Ministry, PWD, TITAS etc. After successfully getting approvals from the ministries companies need to submit all documents to RAJUK. Then RAJUK will provide 2 persons as a supervisor of the project from govt.

### **3.7 General terms and conditions of allotment**

- Application for allotment of Plot should be made on the prescribed application form accordingly signed by the client along with the earnest money .The company reserves the right to accept or reject any application according to the rules and regulation of the company.
- On acceptance of an application, the company issues a allotment letter to the client on which the client starts payment as per the schedule of the project. Allotment of apartment is generally made on first come first serve basis.
- Payments of installments and all other charges are to be made on due dates according to the schedule. The company may issue reminders to the allotted, but not withstanding the issue of reminders, the allotted must adhere to the schedule to ensure timely completion of construction.
- Delay in payment beyond the schedule date will make the allotted liable to pay delay charge (amount varies from company to company) for every 30 days on the amount of the payment delayed. If the payment is delayed beyond 60 days the company shall have the right to cancel the allotment. In such an event, the amount paid by the allocate will be refunded after dedicating the earnest money and after allotment of the cancelled plot.

- Concentration fees/charges security deposits and other incidental expenses relating to gas, water, sewerage and electric concentrations are excluded in the price of plot. Company collects that charge from the plot owner when the construction works are very close to finish.
- The company may cancel an allotment for non-payment of installments in disregard of reminders and after final intimation to the allotted by registered post at the address given in the application form.
- The possession of the plot shall be duly handed over to the allotted on completion and full payment of installment and other charges and dues. Till then the possession will rest with the company. If the project is completed before the stipulated time, the allotted shall have to make full payment before taking possession.
- After handover of the project, the allotted(s) will become equally separable undivided and unmarked shareholders of total acres of the scheduled land of the project in respective plots. After all the dues and installments are paid by the purchaser accordingly, the vendors shall execute a registered sale deed in favor of the purchaser transferring share of land of the project in the demised plot.
- Company is not liable if the completion period of the construction of the project is affected by unavoidable circumstances beyond the control of the company, like natural calamities, political disturbances, strikes and changes in the fiscal policy of the state etc.
- Company is liable if the handover of the project is delayed due to any limitation of the company. In that case, company is to pay a percentage of money at every month to the respective client till the handover of the project.

### **3.8 Installment Collection**

In most of the cases, people buy plot on installment basis. However, they are to pay the full amount prior to plot delivery. Similarly, plot buyers require to pay the installment on due time. The buyers often face the difficulty of maintaining on due time. The buyers often face the difficulty of maintaining schedule of payment. In this situation, responsible developer companies give reminder to the particular client to recall the time of payment. Moreover, concerned representatives of renowned companies always pursue to collect installment as per payment schedule.

### **3.9 Customer Service**

In recent days, there is an additional opportunities for the client to get customer service facilities. These facilities include:

#### **3.9.1 Handling Customer Complaint**
